

BankoMap - Experiment

General

How old are you? _____

Gender: ☐ Female ☐ Male

How experienced are you using a smartphone?

not ☐ ☐ ☐ ☐ ☐ ☐ ☐ very

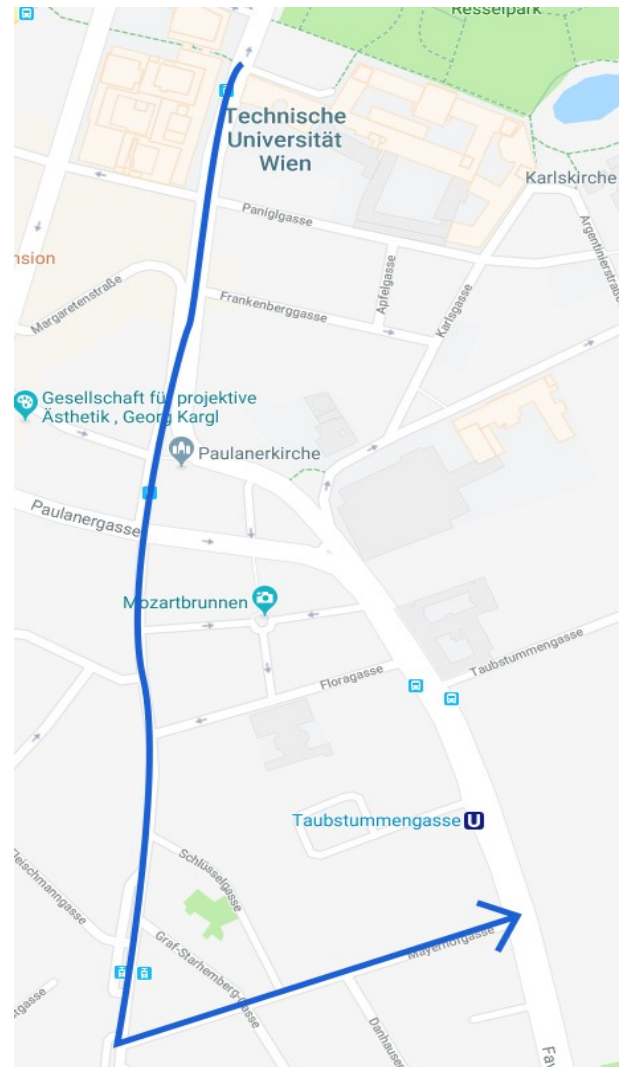

Are you a geodesy-student? ☐ yes ☐ no

How experienced are you with Mobile GIS?

not ☐ ☐ ☐ ☐ ☐ ☐ ☐ very

Task

- Complete questionnaire on spatial abilities
- Map all automatic teller machines (ATMs) in the **test area** on both sides of the street, and store available information in the app (opening hours, number of ATMs, take a picture,...).
- ATMs, that are located outside of bank-building but are belonging to that bank, should be mapped together with the ones inside the building.
- The intersection at the start and at the finish are not part of the test area.
- Please complete the route at your normal walking pace.
- How easy is it for you to look up the latitude of an ATM?
easy ☐ ☐ ☐ ☐ ☐ ☐ ☐ hard
- Please fill out the questionnaires on workload and user experience.

Test area: Blue line in the map above (first walk down Wiedner Hauptstraße from Resselgasse to Mayerhofgasse, then turn left and follow Mayerhofgasse until Favoritenstraße)

Thank you very much for your participation!
